Doc Type: Working Group Document
Title: Roadmaps
Source: The Unicode Consortium
Status: Liaison Contribution
Date: 2001-10-10
Distribution: WG2 and UTC

The Roadmaps to the UCS have been maintained by the ad-hoc committee on the Roadmap, which consists of Michael Everson, Rick McGowan, and Ken Whistler. They were hosted on Michael Everson's site, and this caused difficulties for WG2 in referencing them. The Unicode Consortium has offered to host the Roadmap documents as official Unicode documents, acknowledging their usefulness and stability. This should allow WG2 to reference them by URL (<http://www.unicode.org/roadmaps>).

Whenever major revisions are made, the Unicode Consortium will forward a document similar to this one to WG2.

Presentation conventions

- **Bold text** indicates an allocated (that is, published) character collection. There is a link to the charts on the Unicode web site.
- **(Bold text between parentheses)** indicates scripts which have been formally accepted by UTC or WG2 for processing toward inclusion in the standard. There is generally a link to a mature proposal for the script.
- **(Text between parentheses)** indicates scripts for which proposals have been formally submitted to the UTC or to WG2. There is generally a link to the formal proposal.

- ¿Text between question marks? indicates scripts for which detailed proposals have not yet been written. There may be a link to an exploratory code table.
- ??? in a block indicates that no suggestion has been made regarding the block allocation.

NOTE: When scripts are actually proposed to the UTC or to WG2, the practice is to "front" them in the zones to which they are tentatively allocated, and to adjust the block size with regard to the allocation proposed.

The size and location of the unallocated script blocks are merely proposals based on the current state of planning. The size and location of a script may change during final allocation of the script.

NOTE: As far as is possible, half-row (128) and surrogate block (4096) boundaries are observed in planning. This means that scripts do not cross these boundaries where possible.

Areas containing RTL scripts, as well as the Surrogates Zone and the Private Use Zone are shaded grey here informatively.

Roadmap to the SMP

Revision	3.0
Authors	Michael Everson , Rick McGowan , Ken Whistler
Date	2001-10-10
This Version	http://www.unicode.org/roadmaps/smp-3-0.html
Previous Version	n/a
Latest Version	http://www.unicode.org/roadmaps/smp-3-0.html

Summary

The following table comprises a proportional map of Plane 1, the SMP (Supplementary Multilingual Plane). A [PDF version of this document](#) is available for convenient printing. A description of the presentation conventions used in the table is at the bottom of this page.

Status

This document is informative. Please mail corrigenda and other comments to the authors.

The SMP is tentatively mapped out to the following zones.

00010000-000102FF Aegean scripts
 00010300-000107FF Alphabetic and syllabic LTR scripts
 00010800-00010FFF Alphabetic and syllabic RTL scripts
 00011000-000117FF Brahmic scripts
 00011800-00011FFF African and other syllabic scripts
 00012000-000127FF Scripts for invented languages
 00012800-00012DFF Cuneiform and other Near Eastern scripts
 00012E00-000133FF Undeciphered scripts
 00013400-00013FFF North American ideographs and pictograms
 00014000-00016BFF Egyptian and Mayan hieroglyphs
 00016C00-00016FFF Sumerian pictograms
 00017000-0001B3FF Large Asian scripts
 0001B400-0001CFFF unassigned
 0001D000-0001FFFF Notational systems

Presentation conventions

- **Bold text** indicates an allocated (that is, published) character collection. There is a link to the charts on the Unicode web site.

- **(Bold text between parentheses)** indicates scripts which have been formally accepted by UTC or WG2 for processing toward inclusion in the standard. There is generally a link to a mature proposal for the script.
- **(Text between parentheses)** indicates scripts for which proposals have been formally submitted to the UTC or to WG2. There is generally a link to the formal proposal.
- **¿Text between question marks?** indicates scripts for which detailed proposals have not yet been written. There may be a link to an exploratory code table.
- **???** in a block indicates that no suggestion has been made regarding the block allocation.

NOTE: When scripts are actually proposed to the UTC or to WG2, the practice is to "front" them in the zones to which they are tentatively allocated, and to adjust the block size with regard to the allocation proposed.

The size and location of the unallocated script blocks are merely proposals based on the current state of planning. The size and location of a script may change during final allocation of the script.

NOTE: As far as is possible, half-row (128) and surrogate block (4096) boundaries are observed in planning. This means that scripts do not cross these boundaries where possible.

Summary

The following table comprises a proportional map of Plane 2, the SIP (Supplementary Ideographic Plane). A [PDF version of this document](#) is available for convenient printing. A description of the presentation conventions used in the table is at the bottom of this page.

Status

This document is informative. Please mail corrigenda and other comments to the authors.

Plane 2 is tentatively mapped out to the following zones.

- 00020000-0002A6FF CJK Unified Ideographs Extension B
- 0002A670-0002F7FF unassigned
- 0002F800-0002FA1F CJK Compatibility Ideographs Supplement
- 0002FA20-0002FFFD unassigned

Presentation conventions

- **Bold text** indicates an allocated (that is, published) character collection. There is a link to the charts on the Unicode web site.
- **(Bold text between parentheses)** indicates scripts which have been formally accepted by UTC or WG2 for processing toward inclusion in the standard. There is generally a link to a mature proposal for the script.
- **(Text between parentheses)** indicates scripts for which proposals have been formally submitted to the UTC or to WG2. There is generally a link to the formal proposal.
- **¿Text between question marks?** indicates scripts for which detailed proposals have not yet been written. There may be a link to an exploratory code table.

- ??? in a block indicates that no suggestion has been made regarding the block allocation.

NOTE: When scripts are actually proposed to the UTC or to WG2, the practice is to "front" them in the zones to which they are tentatively allocated, and to adjust the block size with regard to the allocation proposed.

The size and location of the unallocated script blocks are merely proposals based on the current state of planning. The size and location of a script may change during final allocation of the script.

NOTE: As far as is possible, half-row (128) and surrogate block (4096) boundaries are observed in planning. This means that scripts do not cross these boundaries where possible.
