RESOLUTION M11-07: Policy regarding acceptable changes to 10646

SC 2 accepts WG 2 Resolution M41.11 and adopts the following policy regarding acceptable changes to ISO/IEC 10646 and requests its Chairman/Secretariat to convey the same to JTC1 for information and to SC2 membership to take note:

- a. Once a character is assigned a code position in the standard it cannot be reassigned in the interest of ensuring interoperability of standardized characters.
- b. The arrangement of the characters in the standard is fixed; sorting and collation of the characters is outside the scope of the standard.
- c. The character names chosen by WG 2 for the English version of the standard are unique, fixed and may be arbitrary; once a character name is assigned, it cannot be changed even if additional information is provided later. These name strings are used , for example to establish correspondences with characters in other standards.
- d. Any inconsistencies in names could be adjusted in other language versions either when the standard is translated or in supplementary external documentation.

SC 2 notes that a suitable text policy is to be prepared by Project editor to reflect above and to incorporate it into Amendment 2 of Part 1.

Abstention: Japan
Objection: DPR of Korea
