LETTER OF RECOMMENDATION  
NUMBER 042/84/DISBUD

IN RE:  
BALI ALPHABET MEETING

In order to encode the Bali Alphabet in Unicode and ISO 10646, we cooperated with Bali Galang and Michael Everson (UNESCO), in organizing a Bali Alphabet Seminar and Workshop which was attended by Bali Alphabet experts from 12 to 15 January 2005, with the result as attached.

We hope that this seminar result will be approved by the Unicode Consortium with regard to the standardization of the Bali Alphabet.

I hope this recommendation letter is useful in respect of the purpose stated above.
