Request for termination of Category C liaison between UNU/IIST and SC 2/WG 2

At the 15th plenary meeting of SC 2 held in Redmond, Washington, USA, 2008-04-25, SC 2 reviewed its liaison activities. In accordance with Resolution M15-14, SC 2 proposes to terminate the Category C liaison between UNU/IIST (United Nations University International Institute for Software Technologies) and SC 2/WG 2.

Rationale: The encoding of the Mongolian script in ISO/IEC 10646 as described in JTC 1 N 4940 has been completed and there is no more participation from UNU/IIST in the activities of WG 2.

Note: This request is submitted to JTC 1 in accordance with Resolution 25 of the JTC 1 Australia plenary meeting.
