Subject: UTC Letter Ballot: Approval of UCA 5.2

Dear Unicode Corporate, Institutional, and Supporting Members,

Please find below a letter ballot to approve the UCA 5.2. Note that updates have been made as a result of beta review feedback received to date. For background information, please see the PRI text at: <http://www.unicode.org/review/#pri143>.

You have 20 days, until October 14, in which to respond. However, we ask that you respond as quickly as possible. Once we can determine a majority, the results will be announced.

Send your vote, one allotted vote per member company, to me using the above subject line. If you have any questions as to the rules of letter ballots, please see the Technical Committee Procedures, section 11, at:

<http://www.unicode.org/unicode/consortium/tc-procedures.html#11>

If you wish to engage in any technical discussions, please do so on the unicore email list.

Regards,

Lisa

=====

Unicode Technical Committee Letter Ballot:

RESOLVED: Approve the Proposed Update of the Unicode Collation Algorithm (UCA) Version 5.2 (<http://www.unicode.org/reports/tr10/tr10-19.html>) for release, including the data files at: <http://unicode.org/Public/UCA/5.2.0/>.

Agree []

Disagree []

Please send a response to this ballot as soon as possible so that UCA 5.2 is not delayed.
