SUBJECT: Change to UAX #45
DATE: 3 July 2013

At UTC meeting #135 in May 2013, the UTC agreed to add the 19 Slavonic characters to the next Urgently Needed Character list (135-C11). As a result, John Jenkins added the 19 characters to UAX #45: UTC-01179 through UTC-00197.

However, after further discussion, it was decided that the proposal should be submitted through the Script Encoding Initiative, instead of Unicode. As a result, we recommend the UTC change the source prefix for these 19 characters in UAX #45 from "UTC" to "UIC".
