**Doc Type: Working Group Document****Title: Naxi Geba characters from Fang Guoyu's dictionary****Source: Michael Everson****Status: Liaison Contribution****Action: For consideration by JTC1/SC2/WG2 and UTC****Date: 2017-09-17**

This document presents the Naxi Geba character repertoire as given in Fang Guoyu's dictionary. The character names are presented in the Sinological Phonetic Alphabet used in that dictionary.

The dictionary presents a number of glyphs for some of the syllables. In the names list below, a first attempt at suggesting which are glyph variants and which are additional characters with the same reading. Further research will be necessary, and comparison with the Geba characters in Li Lincan's dictionary.
