This is a request to add nine unencoded CJK ideographs to UAX #45 as U-source ideographs. These are candidates for encoding in a future version of the Unicode Standard, and will be separately submitted to the IRG.

The table below lists the nine proposed characters, along with their metadata, sources, and suggested UTC references.

These characters are found by H. W. Ho, the website owner of <http://code.web.idv.hk/>.
