The Unicode Standard, Version 3.2
This file contains an excerpt from the character code tables and list of character names for
The Unicode Standard, Version 3.2.

Characters in this chart that are new for The Unicode Standard, Version 3.2 are shown in conjunction with any
existing characters. For ease of reference, the new characters have been highlighted in the chart grid and in the
names list.

This file will not be updated with errata, or when additional characters are assigned to the Unicode Standard.
See http://www.unicode.org/charts for access to a complete list of the latest character charts.

Disclaimer
These charts are provided as the on-line reference to the character contents of the Unicode Standard, Version
3.2 but do not provide all the information needed to fully support individual scripts using the Unicode
Standard. For a complete understanding of the use of the characters contained in this excerpt file, please
consult the appropriate sections of The Unicode Standard, Version 3.0 (ISBN 0-201-61633-5), as well as
Unicode Standard Annexes #28 and #27, the other Unicode Technical Reports and the Unicode Character
Database, which are available on-line.

See http://www.unicode.org/Public/UNIDATA/UnicodeCharacterDatabase.html and
http://www.unicode.org/unicode/reports

A thorough understanding of the information contained in these additional sources is required for a successful
implementation.

Fonts
The shapes of the reference glyphs used in these code charts are not prescriptive. Considerable variation is to
be expected in actual fonts. The particular fonts used in these charts were provided to the Unicode Consortium
by a number of different font designers, who own the rights to the fonts.

Terms of Use
You may freely use these code charts for personal or internal business uses only. You may not incorporate
them either wholly or in part into any product or publication, or otherwise distribute them without express
written permission from the Unicode Consortium. However, you are welcome to provide links to these charts.

The fonts and font data used in production of these Code Charts may NOT be extracted or otherwise used in
any commercial product without permission or license granted by the typeface owner(s).

The information in this file may be updated from time to time. The Unicode Consortium is not liable for errors
or omissions in this excerpt file or the standard itself. Information on characters added to the Unicode
Standard since the publication of Version 3.2 as well as on characters currently being considered for addition
to the Unicode Standard can be found on the Unicode web site.
