GB	Table 65 (also Am3names.txt)		ed	The character name for 1C78 is incorrectly given as "OL CHIKI MU TTUDDAG". It should be "OL CHIKI MU TTUDDAAG" (cf. 1C79 "OL CHIKI GAAHLAA TTUDDAAG" and 1C7A "OL CHIKI MU-GAAHLAA TTUDDAAG").	Change "OL CHIKI MU TTUDDAG" to "OL CHIKI MU TTUDDAAG"	

1 **MB** = Member body (enter the ISO 3166 two-letter country code, e.g. CN for China)

2 **Type of comment:** ge = general te = technical ed = editorial

**NB** Columns 1, 2, 4, 5 are compulsory.

US				<p>The corrections are as follows:</p> <p>The USNB votes to approve with corrections ISO/IEC 10646:2003/FDAM3:</p> <p>In page 18, the graphic symbols of two characters 0333 COMBINING DOUBLE LOW LINE and 0347 COMBINING EQUALS SIGN BELOW have been inappropriately modified compared to ISO/IEC 10646:2003. The double low line should never be narrower than the equals sign (they were roughly identical in ISO/IEC 10646:2003). The combining double low line should have the same width as the combining single low line (code position 0332) as originally in ISO/IEC 10646:2003 and the combining equals sign below should have the same width as the combining minus sign below (code position 0320).</p> <p>A note along the following lines would be desirable:</p> <p>NOTE – This amendment contains graphic symbols for 0333 COMBINING DOUBLE LOW LINE and 0347 COMBINING EQUALS SIGN BELOW which have been incorrectly modified. The graphic symbol for 0333 should be restored to the symbol used in ISO/IEC 10646:2003, while the graphic symbol for 0347 should be narrowed to a</p>		

1 MB = Member body (enter the ISO 3166 two-letter country code, e.g. CN for China; comments from the ISO/CS editing unit are identified by \*\*)

2 Type of comment: ge = general te = technical ed = editorial

NOTE Columns 1, 2, 4, 5 are compulsory.
