MB/ NC ¹	Line number (e.g. 17)	Clause/ Subclause (e.g. 3.1)	Paragraph/ Figure/ Table/ (e.g. Table 1)	Type of comment ²	Comments	Proposed change	Observations of the secretariat
		31 Annex A.1 Annex A.2.2	Nushu table	te	The NUSHU block is defined as 1B100-1B2FF, but only characters in the range 1B100-1B28C are assigned. As there is no proposal to encode additional Nushu characters at present, and the number of any additional Nushu characters that may be needed in the future has not been determined, it would be better to make the block 1B100-1B28F rather than reserve 112 code points that may either never be required or may prove to be insufficient.	Change NUSHU block allocation to 1B100-1B28F.
