The OWG-SORT (Editing Group on 14651) will be meeting most probably on September 20, starting at 13:00, and possibly on September 21, starting at 9:00, for a duration to be established at the beginning of the WG2 meeting week (which starts on September 17 2007), to make sure that no inconvenience occurs for experts that need to attend SC2/WG2 at crucial discussion times.

The objective of this meeting is to acknowledge the results of the ISO/IEC 14651 Second Edition FDIS ballot, take appropriate action accordingly, and plan the next steps, such as sending an NP for first amendment encompassing the ordering of characters added in ISO/IEC 10646 emendments 3 and 4, recommending the due extension of the mandate of the OWG beyond the next SC2 Plenary.
