

## Request for a formal name alias for uniAA6E Khamti HHA

14 August 2020

Compiled by Ben Mitchell

As can be seen in the attestations below, uniAA6E Khamti letter HHA ၵ is incorrectly named. Feedback from experts has confirmed that there is no Khamti letter HHA and this letter is instead LLA. As has recently been discussed in the Script Ad Hoc group, a formal name alias is warranted. This document requests that a formal name alias be assigned as follows:

AA6E    ၵ    MYANMAR LETTER KHAMTI HHA  
                   ✖ MYANMAR LETTER KHAMTI LLA  
                   • name is a mistake for LLA

Martin Hosken, author of Extended Proposal to add Khamti Shan Characters to the Myanmar Blocks ([L2/08-276](#)), wrote in an email from June 2020:

"I did follow up with the language group and they admit that the HHA was a mistake and that it should be LLA."
