Short Description:

Proposed Conclusion / Required Action: Discussion in IRG meeting.

To: Mr. Zhang Zhoucai, Rapporteur of the ISO-IEC JTC 1/SC 2/WG 2/IRG
Mr. Mao Yonggang, Chief Editor of the ISO-IEC JTC 1/SC 2/WG 2/IRG

Fax: (8610)6496 0428

From: Ngo Trung Viet, Co-Secretary of TCVN/JTC1

Fax: +84 4 843 2136 or +84 4 826 5596

Dear Zhang and Mao,

Please use my fax number:, please be patient because in days it is
used for voice also:

+84 4 843 2136, attention : Ngo Trung Viet (or +84 4 826 5596)

I think the report from Mr. Ken Lunde is very helpful and correct.

I have checked myself between TCVN 6056 and ISHS 6.0 I have now. At
Mao's office, there is a copy of TCVN 6056, so you can check with Mao

the data. And I have given Mao the V source code during your stay in Ha Noi last year. I think that you will use them so no care has been done on that. I asked our editor, Prof. Nguyen Quang Hong to check all of ISHS and Extension A on behalf of our part, and all documents are given to him. Until now he finds no error so we think everything is OK. In fact, it is difficult to do that work in manual way, because errors appear after more than 1500 characters. And Prof. Hong check only the glyphs, no attention has been made on source codes.

Before, me too, I don't mind about the source code in small below glyphs. Only working with Mr. Ken Lunde, I understand the important role of that. So I wonder if we can use Ken's encoding schema as native encoding instead of using source code number as printed in the draft? In fact, we are preparing officially proposed native encoding for Chu Nom to avoid the difficulties as we faced now. I summarize the errors in printing ISHS as following:

/ stuff cut here /

The details for these error (Ucode, V-code) you can find in the email of Mr. Ken Lunde, I have a copy of that in which there are your addresses. So you can recheck and correct. Many thanks.

Best regards,

Ngo Trung Viet.

Dear Zhang and Mao,

I have sent you 2 emails on files of mapping between UCS and TCVN 6056 and TCVN 5773 via James Do, according to your request and format. I asked James to check them once again, so you can use them directly for printing ISHS. There is no differences between my files and those from Ken and James, but I think it is fitting to your requests.

On behalf of TCVN/JTC1 and Vietnamese IRG delegation, I would like request you to include the Vietnamese source codes into high quality printing for ISHS. We are sincerely to thank you for every efforts in IRG works, especially for V column.

Best regards,

Ngo Trung Viet
