From: Mike Ksar, Convenor of ISO/IEC JTC1/SC2/WG2
To: IRG Rapportuer, IRG member bodies
Cc: CCID (Research Center of Computer & Microelectronic Industry Development) China National Body of JTC1

Subject: CJK & CJK Extension A Code table in pdf for ISO 10646-1 2nd Edition

1. ISO/IEC 10646 is one of the largest standards; CJK is one of the major portions, which needed over a hundred-man months of hard work to agree on and produce.
2. The hard work put by the IRG editors and their national / regional member body is deeply appreciated.
3. The documents of CJK & CJK_A in pdf have been received and tested. They contain all the relative code charts for all CJK characters that are needed to publish the next edition of ISO/IEC 10646-1: 2000. The provided code charts meet the publication requirements of the ISO Central Secretariat, ISO/IEC ITTF.
4. Special thanks to the Rapporteur and technical Editor's effort in the past several years. Special thanks are also in order to the organizations that supported their efforts, CCID and China national body of JTC1.

Mike Ksar
