In renewing the mapping table among CSIC, UCS and Big5, we found that many CSIC-1992 characters have no mapped UCS codes. We now try to find the status of errors. In the first, we found 3 characters in UCS have wrong T-source. The correct T-sources for them are:

UCS code	T source
07921	TE-6D38
07934	T2-662B
05B90	T4-225B
