Title:	Consolidated comments of CJK_B Code Charts (IRGN1748) review: Round 2
Meeting:	For IRG#36, Chongqing, China
Status :	Confirmed
Actions required	To be discussed by IRG members
Distribution:	IRG
Medium :	Electronic
Page:	1
Appendix:	5

This document consolidates comments of the 2nd round review of CJK_B (IRGN1748). Comments are China, Japan, R.O.Korea, HKSAR and US/Unicode. The comments are classified to 5 types:

- Unification: need detailed discussion
- Glyph design: need detailed discussion
- Wrong glyph: need detailed discussion

- Glyph check: need font provider's confirmation
- Font quality: need promotion

It seems that all TCA comments are explanations or confirmations to T fonts, they are not concluded in this document. For details, please read TCA report (IRGN1748_TCA_CJK_B_2nd_round_review.doc).

There are more Japan's comments talking about un-solved problems and those should be solved (but ignored by people) problems in CJK_B code charts. For details, please read Question 1, 2 and 4 in Japan's report (IRGN1748_Japan_CJK_B_review.doc).
