2. The number of CJK characters to be submitted fro CJK Extension F

1) Currently, R.O.Korea is preparing a set of CJK characters to be included in CJK Extension F. This set has at most 100 Hanja charters.

2) R.O.Korea may or may not submit another set of CJK characters to be included in CJK Extension F. The number of characters in this set is not known yet. It could be at most one thousand or so. R.O.Korea will review a set of candidate CJK characters and will decide whether or not to submit some of them for CJK Extension F.
