ISO/IEC JTC1/SC2/WG2/IRG

Ideographic Rapporteur Group

(IRG)

Source/Contribution Identifier :   Hong Kong Special Administrative Region, China (HKSAR)

Meeting :   42nd IRG Meeting in Qingdao, China

Title :   Activity Report

Status :   Member Submission

Activity Report of the Hong Kong Special Administrative Region

Adoption of ISO/IEC 10646

1. During the period from 1 November 2013 to 31 April 2014, the HKSAR Government received applications to include a total of 70 characters in the HKSCS.   All the applications have been carefully examined and verified.   All 70 characters were found in the ISO/IEC 10646 standard and assignment of new code points was therefore not necessary.

2. In accordance with Resolution M41.3 of the 41st IRG meeting, the Office of the Government Chief Information Officer (OGCIO), in conjunction with the Official Languages Division, has completed the review of the CJK Extension F1 v2.0 and provided feedback to the IRG for consideration and discussion at the 42nd IRG meeting.   The comments raised mainly concern font quality, radical, and unification of the proposed characters.
