Action: For consideration by JTC1/SC2/WG2/IRG
Date: 6 March 2023

Here is a summary of Vietnam's activities leading up to IRG #62

1. WS2024 Submission
We have been working on producing images of and adding attributes for the approximately 1,000 candidates we plan to submit for WS2024. We estimate that the work will be complete by the end of March, 2024.

2. Review of Working Set 2021
We continued to review and comment on the current working set, and have responded to the comments of other reviewers via the Online Review Tool.

3. Vietnamese Hán-Nôm Normalization Guidelines
We prepared IRGN2673 to illustrate the guidelines used in the design of glyphs supported in the Vietnamese reference font, NomNaTong-Regular.ttf. The document is now available on the IRG website. Updated versions of the document will be made available as we refine the guidelines.
