Title: Vietnam Activity Report for IRG #64

Source: Vietnam

Status: National body contribution

Action: For consideration by JTC1/SC2/WG2/IRG

Date: 28 February 2025

Here is a summary of Vietnam's activities leading up to IRG #64

1. Proposals for glyph changes and font update

We presented two proposals to make changes to V-Source glyphs encoded in Unicode, including Extension-J

- IRG N2748 Update of V-Source Representative Glyphs

- IRG N2775 Update of V-Source Representative Glyph in Extension J

The proposals were accepted and we provided an updated versions of the font, NomNaTong-Regular.ttf, v4.61 to Michel Suignard.

In response to the first round of review comments for WS2024, we also provided an updated font to the ORT Manager in response to suggestions for glyph changes.

2. Review of Working Set 2024

We completed our assigned review job from serial numbers 02334 to 03513 using the Online Review Tool.

3. Response to comments on our submission for Working Set 2024

We have been responding to comments from reviewers in the ORT as they come in. Some of the comments concern glyph design, and we have updated the Nom Na Tong font in response. The font is available for submission when needed for WS2024,v.2.

4. Attendance at IRG #64.

Lee Collins, Eiso Chan and Ngô Trung Việt will participate on-line.
