Title : Application for Liaison Member of WG2
Source : Hong Kong Information Technology Federation Ltd
Action : To be considered by SC2
Distribution : ISO/IEC JTC1/SC2

The Hong Kong Information Technology Federation Limited (HKITF) is an association of information technology hardware and software industry as well as related services providers in Hong Kong. HKITF had actively participated in CJK-JRG and had contributed the commonly-used ideographic characters unique to Hong Kong. HKITF is applying to be a Liaison Member of JTC1/SC2/WG2.

Objective and Benefits

To assist in establishing a unified repertoire and ordering of East Asian ideographic characters for the future extension of ISO/IEC 10646.

Responsibilities

To contribute the ideographic characters commonly used in Hong Kong; to contribute to discussions of the East Asian ideographic characters; and to participate in the WG2/IRG editorial sub-group.

Re : Application for Liaison Membership in SC2/WG2

In a recent Council Meeting of the Hong Kong Information Technology Federation Limited (HKITF), it has been resolved that HKITF should apply to ISO/IEC JTC1/SC2/WG2 to be a Liaison Member with the aim of attending the SC2/WG2/IRG meetings with an official status. I have enclosed our application for your reference and processing. If this application requires any amendment, please let me know.

As Chairman of the Industry Standards Committee, please address all correspondence regarding ISO standards to my attention :

Dominic Cheng
