ISO/IEC JTC1/SC2/WG2 N2247

2000-08-10

ISO/IEC JTC1/SC2/WG2 Universal Multiple-Octet Coded Character Set (UCS) Secretariat: ANSI

TITLE: PRPOSAL TO ADD THE HANJA COLUMN OF D. R. R. OF KOREA

IN ISO/IEC 10646-1 (14938 IDEOGRAPHS TO CJK UNIFIED IDEOGRAPHS AND 3181 IDOGRAPHS TO ITS EXTENTION A)

DOC. TYPE: National body contribution

SOURCE: Committee for Standardization of the D. P. R. of Korea (CSK)

DISTRIBUTION: ISO/IEC JTC1/SC2/WG2 Members and Liaison organization

DATE: 2000-08-10

CSK had submitted in the 15th IRG meeting, the proposal for the addition of our ideographs in the CJK Unified Ideographs and its Extension A in ISO/IEC 10646-1.

In the 15th IRG meeting, the IRG members discussed about our proposal and resolved that we'll submit our requirement to WG2.

According to this IRG resolution M 15.9, CSK require to discuss, in the 39th WG2 meeting, about our proposal for the addition of Hanja column (including source information) of D. P. R. of Korea in ISO/IEC 10646-1.

And CSK require the source information of our ideographs to be identified as the

KP- Hanja - in the code table of CJK Unified Ideographs and its Extension A in the ISO/IEC 10646-1.

Regarding that ISO/IEC 10646-1 already entered in publishing stage, CSK propose to add ideographs column to be working draft of next amendment of ISO/IEC 106464-1.

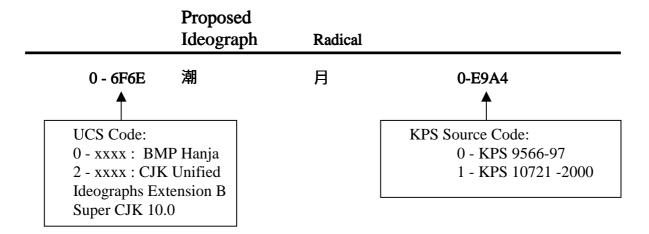

NOTE: CSK' requirement is not to add new ideographs but to add an additional column for D. P. R. of Korea's source code to correspond the already-encoded ideographs in the ISO/IEC 10646-1.

Therefore, we think that it'll help the conversion between the ideographs already specified in ISO/IEC 10646-1 and those in our KPS with out any confusion in the implementation of this international standard.

This document includes the proposal summary forms (following SC2/WG2 N2002) for the addition of 14938 ideographs in CJK Unified Ideographs and 3181 Ideographs in its Extension A.

And it also contains code mapping table for the ideographs of D. P. R. of Korea.

The data item description for each proposed character and its supplementary information are as follows.
