### Draft Agenda – Meeting # 70

Agenda for the 70th Meeting of ISO/IEC JTC1/SC2/WG2, Waterloo, Ontario, Canada. 2023 - June 19-23

This will be held as a hybrid meeting from June 19<sup>th</sup> (afternoon after the morning dedicated to SC2 plenary), to the 23<sup>rd</sup> (morning). This document is accompanied by a SCC\_logistical\_info folder which provides additional information concerning local logistics and visa requirements (same as provided by SC2 N4837). Many visitors will need some sort of visa or eTA document to enter Canada, therefore plan accordingly. A remote call facility through Zoom or similar will be provided for remote participation. However, note that after a 3-year interruption, attending in person will greatly facilitate progress.

Finally, SC2 and WG2 attendance requires use of the ISO meeting management system. Instructions on how to join will be provided through that system.

The following draft agenda is based on information available as of today and will be updated as we get closer to the meeting date. Contributions welcome.
